Alvin Fedyk—Rancher

Hello

I would like to take this opportunity to introduce myself.

I am Alvin Fedyk I was born and raised in Yorkton, Saskatchewan. I started in the work force at a young age. One of my first jobs was in construction then moving onto foreman of a road construction and gravel crushing company. I moved to the Pierceland area in 1989 and my wife and I took over the family ranch in 1992. My wife and I are still ranching and enjoy the company of our four children and their spouses.

I am a director for Beaver River Agricultural Environmental Group Plan, and a Crop Reporter for the Government of Saskatchewan.

I am running for the position of Reeve and if I get it will treat all ratepayers with respect and work for the betterment of the RM of 622. I would like to hear any concerns, call me 306 839 4708(H) 306 839 7629(C).

Looking for your support be sure to vote on November 20, 2019.

Kevin Turchyn—Rancher

Born and raised in Pierceland, I have lived within the R.M. of Beaver River since 1964. I was involved in various volunteer organizations until my career led me to work away from home. Now that I have retired from working in the oilfield, I am now at home and able to become more involved in my community once again.

For the past fourteen years I have worked in a management position where I was responsible for overseeing the work of subcontractors, following budgets and schedules. In my experiences, I have worked with a diverse range of individuals, honed my project management skills and developed skills in conflict resolution. These skills will serve me well in working with counselors to better the R.M. and ensure that ratepayers concerns are both heard and addressed.

As reeve, I will work towards uniting the R.M. in the common goal of bettering the R.M. With reeve and counselors working together, we can better address ratepayers concerns including road conditions, and work to shorten the time it takes to resolve concerns and problems that are brought to the R.M.

As a farmer and rancher, self-employed contractor and lake lot owner, I can relate to all ratepayers in the R.M. My unique situation allows me to empathize with and advocate for ALL ratepayers. I am approachable and accessible to all ratepayers to voice their concerns and I will work with the R.M. counselors to resolve issues in a timely manner.

I hope to be able to speak with my fellow residents of the R.M. of Beaver River in person as I go door to door, or on the phone. If you have any questions or concerns that you would like to address with me, please call me at home at (306) 839-4425 or on my cell at (780)826-0415.

Morgan Kennedy—Retired

Civic Addressing is here!

Objective:

To enact a uniform system of numbering driveways and approaches available to all homeowners in the RM.
To encourage public safety by assisting emergency responders such as police, fire and ambulance in finding a home or business quickly.
Provides an easy method for other parties such as service and delivery companies to locate a property.

Policy:

Civic addressing is NOT mandatory, however, it is a highly recommended voluntary program.
Each individual homeowner with a residence within the RM shall be responsible to complete the "Application for Assignment of Civic Addressing" form. Should there be more than one family dwelling per driveway or approach, each separate homeowner shall be responsible to complete the "Application for Assignment of Civic Addressing" form as different addresses will be assigned to each home.

A member of the office staff shall then, within 30 days of the application, provide each applicant with a civic address.

All signage order arrangements may be made as per ONE of the following options:

OPTION 1: Applicant orders signage personally through any vendor of their choosing in accordance with "Sign Specifications" listed in the policy;

OPTION 2: Applicant orders signage and remits payment through the RM office. A cheque must be written to the vendor as arranged by the RM in accordance with "Sign Specifications" listed. When signage is complete, the applicant will be contacted by RM staff for pickup at the RM office.

RM office staff shall ensure that the numbering system is properly maintained, keep a record of all civic address numbers assigned under this policy and forward all records to Sask911.

Sign Specifications:

Any civic addressing signs installed on a property after the adoption date of this policy shall abide by the following standardized specifications:

Rectangular in shape and a minimum of 18" x 10" (45cm x 25cm).

Civic number shall be in Swiss 924BT text.

Color of the numerals shall be white and reflective or illuminated.

The height of the numerals shall not be less than 5.5".

The color of the background upon which the numbers are displayed will be blue.

Existing Signs:

Any civic addressing signs posted on a property on or prior to the adoption date of this policy is hereby exempt from the restrictions above and may continue to be used as it stands,
It is the responsibility of each individual homeowner(s) with existing signage on their property to ensure their civic addressing number listed is correct.

For the complete Civic Addressing policy (300-22) and application forms please refer to our website or stop by the office in Pierceland.

**The RM office will be closed Monday, November 11, 2019
to observe Remembrance Day**

Regular RM Office Hours: Monday to Friday 8 am to 12 pm and 1 pm to 4 pm

HELP International is now taking orders for Spring 2020 delivery of Shelterbelt trees. For more information, to order trees, find an order form or tree prices please go to:
