## RURAL MUNICIPALITY OF BEAVER RIVER NO. 622

### Public Notice –Zoning Bylaw Amendment

Public Notice is hereby given that the Council of the Rural Municipality of Beaver River No. 622 (RM) intends to adopt a bylaw under *The Planning and Development Act, 2007*. A bylaw to amend Bylaw No. 9<sup>1</sup> known as the Zoning Bylaw (ZB).

**INTENT:** To define, regulate, process applications, and permit shipping containers in the RM as a permanent accessory use. Shipping containers would be a discretionary use on sites 2.02 hectares (5 acres) or less and a permitted use on sites greater than 2.02 hectares (5 acres). Regulation would be provided to allow temporary placement of shipping containers in support of principal site development.

**AFFECTED LAND:** All lands within the RM would be affected by the new regulations regarding shipping containers.

**REASON:** The ZB does not currently and clearly address shipping containers; the RM wishes to clarify this matter.

**PUBLIC INSPECTION:** Any person may inspect the bylaws at the RM Office during regular business hours, excluding statutory holidays. Hard copies will be available to the public at a cost or by contacting the Development Officer ([yvonne@northboundplanning.ca](mailto:yvonne@northboundplanning.ca): (306) 397-1000) and asking for a digital copy. Email for a digital copy of the bylaw is preferred at this time due to the COVID-19 crisis.

**PUBLIC HEARING:** Council will hold a public hearing at **11:00 AM on June 18<sup>th</sup>, 2020**, to hear any person or group that wants to comment on the proposed bylaws. **Due to the evolving COVID-19 crisis, please contact the RM office directly to make suitable arrangements for any direct representation.** Council will also consider written comments received **on or before June 15, 2020**, by the undersigned at the RM office by hardcopy or email before the hearing. The RM office is located at 159 Main Street, Pierceland, SK, S0M 2K0. The RM Office contact information: (306) 839-2060 or [rm622@sasktel.net](mailto:rm622@sasktel.net).

**Issued by the Rural Municipality of Beaver River No. 622 this May 26, 2020.**

## 2020 Assessment Roll

As per Ministerial orders, the Assessment Roll for 2020 will remain open until June 15th, 2020.

Next RM Council meeting  
June 18, 2020

8:30 am

## Hay and Ditch Mowing

Producers can once again take advantage of free hay in Saskatchewan's provincial highway ditches.

Hay can be salvaged any time during the spring or summer months. Before and including July 8, landowners or lessees nearest/adjacent to the ditch have the first option to cut or bale material, but after that day anyone can cut and bale without permission from the property-owner, as long as no salvage operations have already begun. It is recommended that participants contact their local ministry office to provide contact information and limits on where they are salvaging hay to avoid disputes.

Hay must be cut at a uniform height in ditches and bales must be placed at least eight metres away from the shoulder of the highway. Bales must be removed by August 8, otherwise they may be subject to removal and disposal by the ministry. After August 8, bales must be removed immediately following haying operations. The ministry may also remove and dispose of hay bales in locations deemed unsafe for drivers.

### Ditch Mowing

The ministry is working on its annual early mowing program along high traffic volume highways, which begins June 7 and will continue until July 15. Contractors cut a four-metre wide swath along shoulders adjacent to Highways 1, 7, 11, 16 and 39, along with portions of Highways 2, 3, 4, 5, 6, 9, and 10. During this time, mowing may be completed near some highway intersections and interchanges, railway crossings and tourism facilities.

Regular ditch mowing will occur along all four-lane highways between July 15 and the fall months. A four-metre-wide strip will be mowed adjacent to the other highways with additional mowing as required to ensure visibility and weed control. Progress is weather dependent.

### Key Dates

June 7 - July 15: Mowing includes a four-metre shoulder cut adjacent to the road. Highways 1, 7, 11, 16 and 39, along with portions of Highways 2, 3, 4, 5, 6, 9 and 10. Some highway intersections may receive a full ditch cut to ensure good sightlines.

July 8: Prior to and including this date, a landowner or lessee nearest to a highway ditch has the first option to cut or bale hay. After this date, anyone may cut and bale hay or grass in a highway ditch without getting the permission of the adjacent landowner.

July 15 - Oct. 15: Contractors begin mowing the width of ditches along all four-lane highways. All other highways get a four-metre cut adjacent to the highway shoulder.

August 8: all hay bales must be removed from ditches or they may be removed and disposed of at the ministry's discretion.
