

SaskAlert is the Government of Saskatchewan's emergency public alerting program that provides critical information on emergencies in real time, so you can take action to protect yourself, your family and your property.

Why you should download the SaskAlert app

An emergency alert issued through **SaskAlert** will:

- let you know what the emergency is;
- let you know where it is happening;
- provide instructions for you to follow to stay safe; and
- advise you when the incident is over.

Alerts can be issued by: Environment Canada, Government of Saskatchewan ministries, Crowns and agencies as well as participating local governing jurisdictions.

Participation in SaskAlert gives jurisdictions the ability to issue alerts about local emergency events to their residents, visitors and anyone passing through the areas. There is no cost to jurisdictions who would like to participate in the SaskAlert program.

How to get an alert:
