**DID YOU
KNOW?**

Snowstorms Are Not Blizzards

Besides the fact that “blizzard” just sounds a lot more threatening than “snowstorm,” the real difference between the two is in wind speeds and visibility. According to the National Weather Service, a blizzard must have large amounts of snow, winds blowing over 40 kilometres per hour, and visibility of less than a quarter kilometre.

Snow Plowing

The RM of Beaver River can be contracted to snow plow your rural driveway with a grader. Prepaid snow plow flags are available at the RM office for \$40 plus GST. A form must also be filled out authorizing the RM to complete this work. The form is available both at the RM office and on the website under Policies & Bylaws, then click on RM Forms. If you purchase a flag and place it at your driveway entrance the work will be done when the grader is in your area.

Important Notice

When clearing the snow from your property please **do not** push the snow onto the RM roadway. If the RM grader is called out to remove such snow you will be billed for the grader time to clear this road hazard.
