Fax: 306-839-2178**

Verbal abuse toward our workers will not be tolerated.

This includes when an RM worker is performing custom work on your property.

Due to the number of approaches in the municipality the RM of Beaver River does not lift the grader blade at approaches. We apologize for this inconvenience.

**Next RM Council
meeting
March 8, 2018
8:30 am**

Gravel Purchasing

Gravel is a non-renewable resource. Each year, gravel makes up a large portion of the budget. The RM of Beaver River Council has decided to save some of its gravel stockpile for future generations and purchase 10 000 yards of gravel to complete approximately half of the 2018 Gravel Program. The remaining gravel for the Gravel Program will come from the municipality's Goodsoil stockpile.

The RM Council feels it is a wise financial decision, at this point in time, to keep a portion of our stockpile and purchase gravel.

Employment Opportunity

The RM of Beaver River is hiring a Lagoon & Irrigation Works Operator at the municipal lagoon site located 8 km west of the Village of Goodsoil on a portion of W1/2-06-63-22-W3.

Description of Duties:

In general, this position will consist of:

- ◆ Bi-weekly inspections of cells, grounds and perimeter fencing.
- ◆ Spring set-up/start-up, troubleshooting & maintenance of irrigation works.
- ◆ Pivot and irrigation engine operation; supervision of effluent distribution passes over irrigation field.
- ◆ Collection and transmission of required samples to the Provincial Lab including:
 - pre-irrigation sample from secondary cell (spring season)
 - samples from each of four adjacent piezometer wells (fall season)
 - other samples as identified by the Water Security Agency
- ◆ Compose and present annual operator's report to Utility Commission, RM Council and our Water Security Agency Environmental Protection Officer.
- ◆ Tabulate data, attend annual inspections with Environmental Inspection Officer, communicate as required with Board, Council and WSA.
- ◆ Winterizing of irrigation apparatus: arrange pigging of buried effluent delivery line; removal of intake pipe from secondary cell.

Estimated Part-time Hours:

Total estimated hours for a 12-month period = 150 hours.

The majority of these hours occur in the spring and summer seasons, and gradually diminish to nil as fall freeze-up approaches.

Applications will be received until 4:00 PM March 14, 2018

Applications along with a current driver's abstract, expected salary and references can be submitted to:

RM of Beaver River No. 622

PO Box 129

Pierceland, SK

S0M 2K0

Fax: (306) 839-2178

Email: nicolerm622@sasktel.net

The RM thanks all who apply, but only applicants selected for an interview will be contacted.

Custom Work

Custom Work Rates for construction, maintenance, supervision, and travel expenses of transportation projects within the RM of Beaver River # 622.

The following rates shall be charged for custom work:

Rubber Tired Backhoe	\$ 105.00/hour
Grader	\$ 150.00/hour
Tractor and Mower	\$ 160.00/hour
Gravel Truck	\$ 150.00/hour
Gravel Truck and Trailer	\$ 210.00/hour
Hot Water Pressure Washer and Trailer	\$ 100.00/hour
Supervisor	\$ 50.00/hour
Labourer	\$ 35.00/hour
Mileage	\$ 0.75/kilometre

All equipment operators must be an employee of the Rural Municipality of Beaver River # 622.

The Rural Municipality of Beaver River # 622 will only do custom work for rate payers who reside within the RM boundaries.

One hour minimum charge with the exception of the following:

- a. \$40.00 per 15 minutes. Minimum charge on the grading of driveways is 15 minutes if work is requested while grader is passing by driveway.

Equipment rates are charged from time the equipment leaves the maintenance shop with the exception of (a) above.

The RM reserves the right to refuse to do any custom work due to availability of equipment or manpower.

A liability release must be signed prior to commencement of any custom work.

In cases where custom work is deemed by RM area councillor and maintenance foreman to be beneficial to the RM such as a beaver dam removal that affects an RM roadway or bridges, charges for work on private property may be waived.

Sewage Lagoon Automatic Entrance Arm

The RM of Beaver River installed an automatic entrance arm at the Goodsoil Sewage Lagoon.

The RM has provided contractors with a key card. Using key cards for entry allows the RM to track exactly how many loads have been hauled to the lagoon each day. Each key card has a unique ID number so the system is able to continually track each individual entrance made by each contractor. This will ensure accurate tipping fees are being collected and will therefore recover the cost of the arm and power installation.

**** **Transfer Site Recycling-Effective Immediately** ****

We are no longer able to accept in recycle:

Plastic Bags, Food Wrap, Cellophane Wrapping/Packaging Etc.

The Chinese "National Sword" program has effectively eliminated the market for the above. Our purchaser, in spite of an extensive search, has not been able to locate any other viable market.
