

Policy Type:	800 Utilities
Policy Title:	01 Utility and Service Connections
Authority:	
Municipalities Act Section 12(1)	Resolution 331-10
Municipalities Act Section 369	

The Rural Municipality of Beaver River # 622 assumes ownership of a street or roadway within a subdivision and under Section 12(1) of *The Municipalities Act* the municipality has the direction, control and management of all streets within the municipality and all roads, other than provincial highways, within the municipality.

Purpose: To ensure the following:

1. Notice is given to maintenance personnel.
2. Adequate signage is placed to give notice of temporary road closures.
3. The road and/or street are restored to original condition.

Property owners are required to complete a permit application to connect to any service connections which includes water, sewer, natural gas, telephone, or underground power where damage may be caused to municipal roadway or road allowance. Applications with map showing detailed location must be submitted to administrative staff at least one week in advance of anticipated date of the work to be completed.

Exceptions will be made in the case of an emergency repair.

Applications shall be reviewed by applicable division councillor and maintenance foreman. In the event of the absence of the division councillor the reeve shall assume the responsibility of reviewing application.

Upon review applications will be approved by administration with applicable conditions and/or restrictions.

If conditions of permit are not to the satisfaction of council and/or the maintenance personnel, the RM shall restore road and the cost shall be invoiced to the property owner. Any unpaid invoices will be added to the tax roll.

UTILITY CONNECTION PERMIT APPLICATION

Property Owner Information:

Name: _____

Address: _____

Telephone: _____ Cell Phone: _____

Legal Land Description _____

Contractor Information:

Name: _____

Address: _____

Telephone: _____ Cell Phone: _____
