

Policy Type:	300 Transportation
Policy Title:	17 Seasonal Road Maintenance

Authority:	
Resolution # 52-13	
Resolution # 201-13	
Resolution # 029-19	

Purpose:

- The purpose of this policy is to set guidelines for the removal of snow on municipal seasonal roadways throughout the Rural Municipality of Beaver River.

Objective:

- To outline acceptable service standards for snow removal on municipal seasonal roadways throughout the Rural Municipality of Beaver River.

Policy for Seasonal Road Designation:

- Whereas ratepayer(s) have requested a change in the designation of seasonal roadways, the following shall apply:
- Council shall review which roads have been designated as seasonal roads annually at the regular meeting in October.
- Rate-payers requesting a change in seasonal designation must submit a written request for council's review stating which road and reasons for their request prior to the regular Council meeting in October.

Policy for Rate Payer Request to Snowplough Seasonal Roads During Winter Months:

- Whereas ratepayer(s) have requested seasonal roads to be snowploughed from time to time during the winter months, the following policy shall apply:
- Ratepayer shall contact the Councillor of the Division in which the seasonal road is located to verbally submit request to have snowploughing completed.
- Division Councillor and Maintenance Supervisor shall review and approve OR deny each request based on the following criterion:
 - Amount of snow on roadway and if RM equipment is capable of removing snow without causing damage to equipment and/or roadway;
 - Ratepayers purpose for the RM to supply snowploughing of road;
 - Amount of potential traffic on roadway.
