Dear Ms. Neufeld:

Enclosed for your records is approval of sewer rates pursuant to subsection 23(3) of *The Municipalities Act*.

The Local Government Committee recommends the Council to establish a specified utility reserve, which would be funded by an annual utility surplus when possible.

Please be advised that the rates for sewer are not in effect until approved by the Local Government Committee as set out in the above mentioned legislation. The in force clause of the bylaw should be as follows:

"THE rates, charges, tolls or rents contained in this bylaw shall come into force and take effect on the day of approval being issued by the Local Government Committee."

Please use this wording for future utility rate applications.

Yours truly,
