PART I – INTRODUCTION

1. **Title**

This Bylaw shall be known as the “Zoning Bylaw of the Rural Municipality of Beaver River No. 622.”

2. **Authority**

Pursuant to Section 67 of The Planning and Development Act, 1983 (hereafter known as The Act), the Council of the Rural Municipality of Beaver River No. 622 hereby adopts the Zoning Bylaw of the Rural Municipality of Beaver River No. 622.

3. **Scope**

All development within the limits of the municipality shall be in conformity with the provisions of this bylaw.

4. **Purpose**

This is a bylaw to control the use and development of land in the municipality and to assist in implementing the Basic Planning Statement of the Rural Municipality of Beaver River No. 622.

5. **Severability**

If any part of this bylaw, including anything shown on the zoning district map, is declared to be invalid for any reason, by an authority or competent jurisdiction, that decision shall not affect the validity of the bylaw as a whole, or any other part, section or provision of this bylaw.

6. **Licences, Permits and Compliance with Other Bylaws**

Nothing in this bylaw shall exempt any person from complying with the requirements of a building bylaw, or any other bylaw in force within the municipality, or from obtaining any permission required by this, or any other bylaw of the municipality, the province, or the federal government.

Where the provisions in this bylaw conflict with those of any other municipal, provincial, or federal requirement, the higher or more stringent standards shall prevail.

PART II – ADMINISTRATION

1. **Development Officer**

The Administrator of the Rural Municipality of Beaver River No. 622 shall be the Development Officer responsible for the administration of this Bylaw and in their absence by such other employee or representative of the Municipality as the Council designates from time to time. The Administrator may appoint a Development Officer subject to the approval of Council to whom duties in the administration of the Zoning Bylaw may be delegated. **Bylaw No. 17-04**

2. **Application for a Development Permit**

Every person shall complete an application for a development permit **before** commencing any development within the municipality. Farm residences **shall** require a development permit. Livestock and poultry operations over 20 animal units which are comprised of pigs or poultry over 300 animal units which are comprised of cattle shall be considered intensive livestock operations under this bylaw and **shall** also require a development permit. Game farm and controlled hunt farm operations **shall also** require a development permit

Bylaw No. 17-04

Developments which **do not** require a development permit include:

- (a) **Accessory Farm Uses:** Farm buildings where applied to a principle agricultural use within the Zoning Districts established by this bylaw.
- (b) **Public Utilities:** Any operation for the purposes of inspecting, repairing, or renewing sewers, mains, cables, pipes, wires, tracks, or similar public works as required by a public utility.
- (c) **Sheds and storage structures:** Any shed or storage structure that is 9.29 square metres (100.0 square feet) in area or less with a height of less than 4.0 metres (13.0 feet). **Bylaw No. 04-16**
- (d) **Fencing:** subject to all height restrictions of the zoning district. **Except** for operations that mandate a fence of 2.0 metres (6.56 feet) or higher in any district, which shall require the submission of a Development Permit that includes a description of the operation, fencing materials and setbacks from property lines. **Bylaw No. 04-16**
Bylaw No. 17-04

3. **Application Requirements**

Unless otherwise specified in this bylaw, with every application for a development permit, a copy of a layout, or site plan, showing the dimensions of the site, the site size, the location on the site of any existing and all proposed development and the method and location of on-site sewage disposal facilities, shall be submitted as prescribed in No. 2 above, for approval to the Development Officer together with such other information as may be required in support of the application.

- 3.1** An increase in the area of land for an approved use, or the number or size of buildings used for an approved use, shall require a development permit. **Bylaw No. 03-10**

3.A Planning and Development Fees

Bylaw No. 08-20

3A.1 Council may adopt a separate Planning and Development Fee Bylaw in accordance with section 51 of the Act, prescribing a schedule of fees associated with this Bylaw, as well as a description that sets out the rationale for said fees. Where a Planning and Development Fee Bylaw has been adopted by Council, the specified fee(s) must be received with the application prior to the municipality commencing any review of the application.

Bylaw No. 08-20

3A.2 Where detailed review costs are incurred by the municipality for matters relating to the review, determination of suitability, public engagement, approval of development, support of subdivision proposals, arrangements for appropriate servicing, other bylaw matters, agreements or interest registrations, the applicant shall be wholly responsible for said costs.

Bylaw No. 08-20

4. Discretionary Use Applications

(a) Where a proponent is seeking the approval of Council in the matter of a discretionary use or discretionary form of development, the applicant will be encouraged to complete a pre-application information sheet which shall provide basic information detailing the proposed use and the proponent's development preparation to date. There will be no fee for the pre-application.

Bylaw No. 08-20

(b) The pre-application will be presented to Council for its initial review and a determination of whether it will consider a formal application. Any consideration in principal at this stage does not constitute approval of the use or a permit.

Bylaw No. 08-20

(c) By resolution, Council may advise:

Bylaw No. 08-20

- (i) that a complete and formal discretionary use permit application may be received and considered by Council;
- (ii) of any initial information, permission, approval, or study that should accompany the discretionary use permit application;
- (iii) of any other matter Council deems relevant to the receipt in full of a discretionary use permit application; or
- (iv) that upon initial review that it may not support the proposed a discretionary use or discretionary form of development, but that the proponent may continue with the submission of an application if they so choose.

(d) The following process will apply to discretionary use applications regardless of a pre-application process and any initial consideration by Council:

Bylaw No. 08-20

- (i) a proponent shall submit a complete discretionary use permit application, along with any prescribed fee(s) and costs related to public notice, to the development officer for Council's formal consideration;
- (ii) a notice advising of the proposed discretionary use will be prepared and will be posted in the RM office, and/or any other location deemed appropriate by the Development Officer;
- (iii) in addition to the notice in ii) and in accordance with the Act, landowners within a radius of 75 metres of the subject land will be given notice of the proposed discretionary use or form of development and their ability to submit comments to Council for its consideration of the proposed use.

- a. the notification area may be extended up to a radius of 1600 metres, or along any access or haul route, where the use has increased potential to create nuisance, due to the nature of the proposed use or intensity of use, or where potential issues with land use incompatibility may be greater with existing development.
- (iv) the Development Officer shall review the application for compliance with the Zoning Bylaw, and provide a summary to Council for its consideration;
- (v) Upon completion of its review, Council shall pass a resolution directing the Development Officer to:
 - a. issue a development permit, incorporating any development standards set forth by Council in accordance with the provisions of this bylaw; or
 - b. issue a notice of refusal to the applicant, stating the reason for the refusal.
- (vi) Conditions attached to a permit and/or development standards are appealable in accordance with the provisions of the Act. There is no appeal for the refusal of a discretionary use;
- (vii) The RM will maintain a registry of the location and all relevant details of the granting of a discretionary use approval

5. Referrals to Council

The development officer may submit any application to Council for a decision on the interpretation of the bylaw, or upon special conditions provided for in the bylaw, and shall inform the applicant of this action.

6. Review of Application for Permitted Use

Upon completion of the review of an application for a permitted use or development, the Development Officer shall:

- (a) where the application conforms to all provisions and regulations of this bylaw, issue a development permit, or;
- (b) where the application complies with this bylaw and is subject to special regulations, performance standards or development standards specified in this bylaw, issue a development permit incorporating the special regulations, performance standards or development standards, or;
- (c) where the application does not comply with a provision or regulation of this bylaw, issue a refusal stating the reason for the refusal.

6A. Permit Validity

Bylaw No. 08-20

- (a) If a development or use authorized by a development permit is not commenced within six (6) months from the date of issue of a permit and completed within twelve (12) months of its issue, the permit is deemed void unless an extension has been granted prior to its expiry;
- (b) The provisions of the Act respecting non-conforming uses shall apply

Bylaw No. 08-20

Bylaw No. 08-20

7. Development Appeals Board

- (a) Council shall appoint a Development Appeals Board in accordance with Sections 71 and 79 to 104 of the Act.
- (b) A person may appeal to the board where the Development Officer:
 - (i) is alleged to have misapplies the bylaw in issuing a development permit; or
 - (ii) refuses to issue a development permit because it would contravene this bylaw.
- (c) A person whose application for a discretionary use or development has been approved with prescribed development standards may appeal any development standards considered excessive to the board.
- (d) An applicant shall make an appeal within 30 days of the date of the issuance of, or refusal to issue, a development permit.
- (e) Nothing in this section authorizes a person to appeal a decision of the Council:
 - (i) refusing to rezone land;
 - (ii) rejecting an application for approval of a discretionary use.
- (f) A person who wishes to appeal to the board shall file a written notice of intention to appeal with the board, together with any fee prescribed by provincial legislation, to be applied to the expense of the appeal. **Bylaw 05-18**
- (g) In making an appeal to the Development Appeal Board, and hearing such appeal, the provisions of The Act shall apply.

8. Minor Variances

- (a) Council may grant a variance of up to 10% of any yard requirement or minimum required distance between buildings for a use that is a permitted use as specified in this bylaw. All such variances shall be subject to the conditions and granted in accordance with the procedures contained in Section 73.1 of The Act.
- (b) Council will maintain a register of the location and all relevant details of the granting of such variance.

9. Building Permit

A building permit, where required, shall not be issued unless a development permit, where required has been issued.

10. Referral to Department of Health

A copy of all approved development permit applications, involving the installation of water and sanitary services, shall be sent to the local office of the Department of Health.

11. Amendment of Zoning Bylaw

- (a) Council may amend this bylaw at any time, upon its own initiative or upon request, provided that the amendments are in keeping with the intent of the RM of Beaver River No. 622 Basic Planning Statement.
- (b) Council shall require applicants requesting an amendment to this bylaw to pay Council all of the cost associated with public advertisement of the application.

12. Offences and Penalties

Any person who violates this bylaw is guilty of an offence and liable, on summary conviction, to the penalties set forth in the Act.

PART III – GENERAL REGULATIONS

The following regulations shall apply to all Zoning Districts in this bylaw:

1. **Frontage on Road**

A development permit shall not be issued unless the site intended to be used, or upon which a building or structure is to be erected, abuts, or has frontage on a graded all-weather registered road, or unless satisfactory arrangements have been made with Council for the improvement or building of a road.

2. **Areas Prohibited for Development**

Prior to issuing a development permit for an application on land deemed by Council to be environmentally sensitive or hazardous, Council shall require that the developer/proponent submit a certified environmental, geotechnical and/or hydrological assessment, prepared by a qualified professional consultant. Such assessment shall address, at Council's discretion, any or all of the following:

- Identification of all on-site and relevant off-site environmental constraints on and hazards to development and servicing;
- Identification of all on-site and relevant off-site environmentally sensitive lands;
- Assessment of the impact of the proposed development on the environment (both on-site and off-site);
- Assessment of the impact of on-site and/or off-site environmental conditions on the proposed development; and
- Identification of actions required to prevent, change, mitigate or remedy the adverse effects of the proposed development on the environment and/or the adverse effects of the environment on the proposed development.

Identified actions for prevention, change, mitigation or remedy shall be incorporated as conditions to issuance of a development permit.

(a) **Residences proposed on potentially hazardous land:**

A development permit application for a proposed residence on potentially hazardous land as defined in this bylaw and the Basic Planning Statement or lands that have an interest registered on the title pursuant to section 130 of the Act, must be accompanied by a Real Property Surveyors Report prepared by a Saskatchewan Land Surveyor, which illustrates that the proposed elevation of the finished main floor is above the Safe Building Elevation as defined herein.

3. One Principal Building or Use Permitted on a site

Not more than one principal building or use shall be permitted on any one site except for:

- (a) Public utility uses
- (b) Institutional uses
- (c) Agricultural uses
- (d) Dwelling groups

Bylaw No. 17-07

4. Non-conforming Uses

The provisions of sections 113 and 118 of The Act shall apply to all non-conforming buildings and uses.

4.a Continuation of Non-conforming Uses:

Bylaw No. 05-24

- (a) All legal non-conforming land use will remain acceptable to all future heirs and successors of the title. **Bylaw No. 05-24**
- (b) Any land use that was previously legally undertaken because it was not regulated or regulated but legal within a zoning bylaw but is now prohibited within the zoning bylaw is considered legal non-conforming. **Bylaw No. 05-24**
- (c) Where a building has been legally constructed on or before the effective date of this bylaw, having less than the minimum front setback or side yard or rear yard required by this bylaw, the building may be enlarged, reconstructed, repaired, or renovated provided that: **Bylaw No. 05-24**
 - i. the enlargement, reconstruction, repair, or renovation does not increase the element of non- conformity; and **Bylaw No. 05-24**
 - ii. all other applicable provisions of this bylaw and the official community plan are satisfied. **Bylaw No. 05-24**
- (d) When the land description on title changes any future land use must comply with current zoning bylaw. **Bylaw No. 05-24**
- (e) All land use that requires a development permit must comply with the current zoning bylaw **Bylaw No. 05-24**

5. Regulations for Signs and Billboards

(a) Permit Requirements

The sign regulations of this bylaw will be administered by issuance of a development permit by the development officer. In addition, all signs situated along a highway, including those located in a highway sign corridor, are required to comply with “The

Erection of Signs Adjacent to Provincial Highway Regulations, 1986” as may be amended from time to time.

(b) Signs Requiring a Development Permit Under This Bylaw

Permitted signs shall be subject to the following requirements.

(i) There is no restriction governing the number of permitted signs on the premises, however, the total facial area of each sign shall not exceed 3 sq. metres (32 square feet). Each sign may be double faced;

(ii) No sign shall be illuminated unless the source of light is sturdy and suitably shielded; and,

(iii) The maximum height of any sign shall be 3.5 meters (11.5 feet).

(c) Signs Not Requiring a Development Permit Under This Bylaw

(i) signs in a highway sign corridor.

(ii) government signs – all signs erected by any level of government.

(iii) real estate signs – only on property which is being advertised

(iv) directional signs – signs such as traffic warning signs, parking or no trespassing signs.

(v) address signs – one address designation per use which denotes the numerical address and/or name of occupant.

(vi) election signs – any level of government election signs

(vii) memorial signs – such as plaques, tablets and headstones.

(viii) temporary construction signs – signs that indicate the impending development of a site are permitted only until the development is complete.

(ix) temporary agricultural related signs are permitted for a maximum period of 6 months (such as herbicide or insecticide or seed advertising promotional signs).

6. Public Utilities

Public utilities, except municipal solid and liquid waste disposal sites, shall be listed as a permitted use in every zoning district, and unless otherwise specified by this bylaw, no minimum site area or yard requirements shall apply.

6A. Municipal and Public Facilities

Municipal and Public facilities shall be considered as a permitted use in every zoning district, unless a district otherwise provides for, or regulates, a specific municipal or public use. Where a zoning district contains a site area, frontage, yard, or building requirements for “All (other) uses”, they shall apply. In absence of specific site area, frontage, yard, or building requirements, none shall apply.

Bylaw No. 08-19

7. Development Standards for Permitted and Discretionary Uses

The following development standards may be applied by the Council as conditions of its approval of a permitted or discretionary use as it is listed in the individual zoning districts.

(a) Home Based Business

(i) The use shall be clearly incidental and secondary to the use of the dwelling unit as a private residence.

(ii) The use shall not involve the display or storage of goods or equipment upon or inside the premises such that these items are exposed to public view from the exterior.

(iii) The use shall not generate substantially more vehicular and/or pedestrian traffic and vehicular parking than normal within the district or produce offensive noise, vibration, electrical interference, smoke, dust, odours, heat or glare shall be produced by the use.

(iv) No use shall cause an increase in the demand placed on one or more utilities (water, sewer, electricity, telephone, garbage, etc.) such that the combined total consumption for a dwelling and its home based business substantially exceeds the average for residences in the area.

(v) No use requiring electrical or mechanical equipment shall cause a substantial fire rating change in the structure or the district in which the home based business is located.

(vi) The permitted use shall be valid only for the period of time the property is occupied by the applicant for such permitted use.

(b) Farm Based Business

(i) The use shall be clearly incidental and secondary to the principal agricultural operation.

(ii) Advertising signs shall be limited to one sign of not more than one square metre (10.75 sq. ft.).

(c) Seasonal Campgrounds

(i) The operator of a trailer court shall provide the development officer with a plan of the trailer court, identifying any buildings, uses of land and the location of all roadways and trailer coach sites with dimensions. The addition or rearrangement of sites, the construction or moving of buildings, the material change in use of portions of land, or the filling or clearing of land shall require a development permit, and the operator shall submit for approval an amended plan incorporating the development.

(ii) A seasonal campground shall have within its boundaries a buffer area abutting the boundary of not less than 4.5 meters which shall contain no buildings.

(iii) The operator of a trailer court shall designate a site for each trailer coach and each dwelling or campsite permitted on the court.

(iv) Each site shall have a minimum area of not less than 150 square metres, unless the site is restricted to tents only where the minimum area shall be 60 square metres, and shall have its corners clearly marked upon the ground.

(v) No portion of any site shall be located within a roadway or required buffer area.

(vi) Each site shall have direct and convenient access to a developed roadway, which is not located in any required buffer area.

(vii) Each trailer coach shall be located at least 4.5 metres from any other trailer coach, and each site shall have dimensions sufficient to allow such location of trailer coaches.

(viii) The operator may designate an area for the harbouring of mobile homes on a year to year lease. The minimum dimensions of each site within the area shall provide a site of not less than 400 square metres for each mobile home.

(ix) The space provided for roadways within a seasonal campground shall be at least 7.5 metres in width, or 15 metres in width where the roadway is located between mobile home sites. No portion of any site, other use or structure shall be located in any roadway within the seasonal campground.

(x) A seasonal campground may include an accessory laundromat and confectionary designed to meet the needs of the occupants of the sites.

(xi) Council shall be notified by the operator respecting compliance with the Public Health Act and the Regulations passed thereunder for all operations and development of the seasonal campground.

(d) Municipal Solid and Liquid Waste Disposal Facilities

(i) A buffer strip containing trees, shrubs or a berm shall be located surrounding a disposal area;

(ii) Any solid or liquid waste disposal facility shall be fenced;

(e) Bed and Breakfast/Vacation Farm Standards

(i) Vacation farms shall be ancillary to an agricultural farm operation or country residence and may include bed and breakfast, cabins, and overnight camping areas.

(ii) A maximum of five cabins shall be permitted as part of a vacation farm or bed and breakfast operation.

(iii) Only one sign, not exceeding 1.5 square metres advertising the vacation farm or bed and breakfast and located on site, is permitted.

(iv) Council shall be notified by the operator respecting compliance with the requirements by the Department of Health.

(v) Bed and breakfast operations shall be located in a single detached dwelling used as the operator's principal residence developed as a farmstead site or country residence;

or located in cabins or a dwelling accessory to and established on the same site as the host principal residence.

(vi) Council shall specify the maximum allowable number of bedrooms, cabins or camping sites or combination thereof in its approval.

(f) Criteria and Standards for resort and tourist related commercial uses

Bylaw No. 03-10

(i) Council may prescribe specific development standards related to the size of the operation or buildings used for the operation.

(ii) Council may prescribe specific development standards related to control of noise, glare, dust and odour.

(iii) Storage

1) Outside storage shall be prohibited. All items associated with the commercial use shall be retained within an approved building.

2) No wrecked, partially dismantled or inoperable vehicle or machinery shall be stored or displayed.

3) Empty lots are restricted from the temporary storing of seasonal buildings or recreational equipment or vehicles in the off-season period.

(iv) Signage

1) No more than two permanent signs are permitted per lot;

2) The facial area of a sign may not exceed 3 sq. m (32.3 sq. ft.);

3) A sign may be double faced;

4) No sign shall exceed 4.6 meters (15 ft.) in total height above the ground;

(v) Parking and Landscaping

1) There shall be adequate off street parking available for the proposed use. Parking shall be developed such that:

i) It is reasonably accessible to the use and vehicles it is intended to serve; and

ii) Parking areas shall be maintained by the owner of the property to the satisfaction of Council.

2) The site plan submitted shall show the layout and external design of the lot including parking areas, landscaping, and access and egress.

3) Council may prescribe specific development standards related to landscaping, screening and fencing to provide a buffer between adjacent properties.

(g) Criteria and Standards for Outfitter Lodge

Bylaw No. 03-10

(i) The applicant or outfitter shall provide a letter, along with the development permit application, outlining the proposed method of operation, promotional strategy, services

and amenities to be provided to guests, a detailed list of equipment to be used, and any other information that will assist Council in making their decision.

(ii) The outfitter lodge shall be located in close proximity to the proposed hunting or fishing area.

(iii) No hunting shall be allowed on the lands in which the outfitter lodge is located.

(iv) A site plan shall be submitted along with the development permit application that, in addition to the requirements of Part II, Section 3, shows:

- 1) size of the proposed/existing site,
- 2) the property in relation to highways, roads, lakes or rivers, or crown land
- 3) location of proposed and existing buildings,
- 4) location of proposed or existing septic tanks, fields, lagoons, etc.,
- 5) anything else that is relevant to the site

(v) If the construction of a new building is proposed, the applicant shall provide a sketch of the proposed building(s).

(vi) If the Outfitters Lodge is proposed to be located on Crown land, approvals from the Crown must be submitted as part of the development permit application.

(h) General Discretionary Use Evaluation Criteria

Bylaw No. 02-14

(i) Notwithstanding section (7) specific development standards, Council will apply the following general criteria in the assessment of the suitability of an application for a discretionary use:

1) Compliance with land use and municipal policies:

- i) Conformance with all relevant sections of this Bylaw, and all provincial and federal regulations.
- ii) Compatibility with adjacent properties and land uses.

2) Site layout and density:

- i) The scale and intensity of the proposal use with uses allowed in the zoning district and any existing uses and developments in the vicinity of the proposal.
- ii) The size and location of buildings and such that the improvements will not create a negative impact to surrounding land uses.
- iii) Any outside storage areas will be appropriately buffered and screened from adjoining land uses.
- iv) The retention or provision of vegetation and landscaping to enhance the appearance of the site.
- v) Sign requirements for the zoning district and proposed use.

3) Municipal servicing, where the development and use must be capable of being serviced with existing municipal infrastructure including, but not limited to:

- i) Water in terms of consumption and demand.
- ii) Sewer in terms of volume generated.
- iii) Storm drainage in terms of volume and where directed.
- iv) Solid waste in terms of volume and types created.
- v) Utilities.
- vi) Schools.
- vii) Roadways.

4) Traffic generation:

- i) The volume and vehicle type of traffic generated by the use will not vary from the existing traffic type and volume in the area.
- ii) Parking requirements for the use will not vary significantly from other uses of the vicinity.
- iii) Access to and from the site must be located appropriately to avoid any traffic hazards.

5) Environmental and Public Safety:

- i) Types and volumes of goods and materials to be kept or stored on site must not pose any danger to the surrounding properties.
- ii) Emissions from the use in terms of noise, dust, odour, light will not adversely affect the environment, adjoining land uses, or provide a negative impact to surrounding land uses.
- iii) Storm water runoff from the site will not adversely affect surface or ground water.
- iv) Fire protection requirements will not be significantly different than that required for surrounding uses.
- v) Salvage of fuel wood or timber.
- vi) Preservation of wildlife habitat and wetlands.

6) Consultation:

- i) Any comments received from the public relative to the proposal shall be considered by Council.
- ii) Evidence of any applicable permit or approvals from the Ministries of Highways and Infrastructure, Environment, or Health shall be provided or review.

7) Impact mitigation:

i) Should the proposed use be deemed to create any negative effects in relation to the above criteria, consideration will be given to any measures that may mitigate those effects in making a decision on the proposal.

ii) Consideration of noxious or offensive emissions, such as, noise, glare, dust and odour.

8. Holding Provision

Council may designate land in an LD1 District with the holding symbol “H.” This provision will entitle the landowner to continued agricultural activity or other existing uses but no development of buildings will be allowed. Council may remove the “H” symbol in accordance with Section 84 of The Planning and Development Act, 1983 to allow subdivision and development of lakeshore development as provided by the basic planning statement.

9. Attached Garages and Carports

Bylaw No. 11.97

(a) Private garages and carports attached to the principal building or structure shall be considered part of the principal building or structure and subject to the regulations for the principal building or structure.

Bylaw No. 04-16

(b) The total area underneath an extended roofline (i.e., covered deck, porch, veranda, etc.) of a structure shall be considered within total area of the Residential Building Footprint.

Bylaw No. 04-16

10. Projections into Yards

Bylaw No. 11.97

Where minimum yards are required in any district, such minimum requirements shall not apply to the following

(a) *Removed.*

Bylaw No. 04-16

(b) In any yard, the construction of a chimney, sill, cornice, or roof overhang to a maximum projection of 0.61 metres (2 ft.) into the required yard.

11. Dwelling Group

Bylaw No. 17-07

(a) for the purposes of regulation under this bylaw, a dwelling group shall be considered as a single parcel.

(b) All service and other common buildings shall be of permanent construction

(c) Owners and developers of dwelling groups shall provide:

1) Fire hydrants and any other fire protection equipment or facilities deemed necessary by the Development Officer, in consultation with the Fire Chief;

2) Garbage containers on each unit site and/or screened garbage area serving the dwelling group shall be provided at a point convenient for collection;

3) Off-street parking for a minimum of two cars;

- 4) Storage facilities suitable for large trucks, campers, travel trailers, snowmobiles and boats: minimum of 18.5 square metres per individual unit site, or equivalent area per unit as common storage facilities;
- 5) Storage facilities necessary for site service and maintenance equipment;
- 6) Screening in the form of landscaping and fencing around service buildings, storage compounds and refuse collection points;
- 7) A neighbourhood sign, not to exceed 4 square metres of face area.

12. Retaining Walls

Bylaw No. 05-18

- (a) Notwithstanding anything contained herein, the Development Officer shall require a detailed geotechnical investigation prepared and endorsed by a qualified engineer and is required prior to the issuance of a Development Permit, or the construction of any retaining wall. Costs associated with any investigation are solely those of the applicant. The detailed investigation shall include, but is not limited to:
 - i. Construction plans for the retaining wall and any engineering specifications that must be adhered to with respect to its construction and any fill to be retained;
 - ii. Detailed plans for suitable management of on and off-site surface drainage. Post-development outflows must not increase pre-development levels unless properly directed to a municipally controlled drainage network with excess capacity, or a suitable natural retention body;
 - iii. A site surface drainage plan demonstrating appropriate passage of surface waters and mitigation of drainage impacts to adjacent and neighbouring properties; and
 - iv. The endorsement of the assessment or investigation by a qualified professional that the retaining wall is designed with full knowledge of topographical, geotechnical, and hydrological conditions on site. The level of investigation required is to be determined by the professional such that they are willing to endorse and assume liability for their conclusions.
- (b) Retaining walls shall be required to abide by all setback distances for accessory structures specified in individual zoning districts.
 - i. Council may consider a lesser setback for the placement of retaining walls where a registered hazard land geotechnical interest is registered on title; or where, to the satisfaction of Council, that a site has been demonstrated to have development constraints outlined in Part III General Regulations, Section 2 – Areas Prohibited for Development, and where in Council’s opinion the additional developable land created by retention is required.
- (c) Retaining walls within five (5) metres of the high-water mark of any water course or water body shall be required to submit to the Development Officer provincial ministry or agency approval with respect to alteration of a shoreline.
- (d) The Development Officer may require the submission of a Real Property Surveyor’s Report completed by a Saskatchewan Land Surveyor to ensure construction of the retaining wall within property boundaries. This may be requested as an approval condition, or prior to the approval of future development of the site.

- (e) Where a retaining wall or walls require the issuance of a development permit prescribed by this bylaw, the applicant may be required to provide to the Development Officer, evidence prepared by a qualified professional detailing any considerations or development standards required to ensure the integrity of the wall(s) and the land which it is retaining (for example, a letter of assurance).
- (f) The construction of a retaining wall shall not cause adverse effects for surface drainage onto adjacent and nearby property boundaries.

12.1 Retaining Wall Evaluation Criteria

Bylaw No. 05-18

- (a) Where a development permit is required for a retaining wall as a discretionary form of development, Council will apply the following evaluation criteria in its assessment of the suitability of a retaining wall or series of walls:
 - i. The degree to which the wall may alter the natural topography, natural habitat, and vegetation of surrounding land;
 - ii. The degree to which the retaining wall or walls have been designed and engineered to ensure its integrity and the land it retains;
 - iii. Restrictions for the total retaining wall height shall be considered in relation to the proximity to property lines, and surrounding land uses; and
 - iv. Any other adverse affects it may have on surrounding land uses and public safety.

13. Shipping Containers

Bylaw No. 06-2020

Shipping containers shall be considered as an accessory structure in every zoning district, unless a district otherwise provides for, or regulates the use or structure.

Bylaw No. 06-2020

- (a) Shipping containers shall not be placed on a site prior to, or in the absence of, an established principal use except as provided for in this bylaw. **Bylaw No. 06-2020**
- (b) Shipping containers shall be required to meet all the yard requirements and regulations of an accessory structure or building for the zoning district in which it is located. **Bylaw No. 06-2020**
- (c) Shipping containers shall not be used for any form of dwelling, human habitation, or sleeping accommodation, nor shall they be connected to any water or sewage system. **Bylaw No. 06-2020**
- (d) Where permitting is required, applicants shall submit photographs of the unit clearly showing all sides of the structure as part of a permit application. **Bylaw No. 06-2020**
- (e) Any permit granted for a shipping container is specific to the particular unit. Removal, replacement, or relocation within a site shall require any new permit. **Bylaw No. 06-2020**
- (f) Shipping containers shall be properly maintained and kept in good repair. **Bylaw No. 06-2020**
- (g) Shipping containers shall not be used as a sign or billboard except in accordance with any regulations pertaining to signs within this bylaw. **Bylaw No. 06-2020**
- (h) Where applicable, a shipping container shall meet the requirements of the National Building Code of Canada. **Bylaw No. 06-2020**
- (i) Where a zoning district identifies a shipping container as a discretionary use, the following evaluation and standards shall apply: **Bylaw No. 06-2020**
 - i. In the opinion and to the satisfaction of Council, assessment for compatibility, suitability, and placement within a site shall be based on:

- (A) the context in which the shipping container will be located, and its ability to complement or detract from land uses in the vicinity;
 - (B) the condition of the shipping container and any treatment(s) given to improve its appearance; and
 - (C) the use of any screening or placement within the site to minimize any potential land use conflict, nuisance, or negative impact on the public realm.
- ii. To secure the objectives of this bylaw, and to minimize any negative impact on adjacent land uses and the public realm, Council may impose development standards or permit conditions related to the following:
- (A) the placement within the site relative to other on-site development, or development on adjacent lands; and
 - (B) requirements for landscaping or screening;

14. Temporary Developments

Bylaw No. 06-2020

Where compatibility or the need to monitor performance is a concern, Council may issue permits on a temporary basis for a period of no less than one (1) year, up to a maximum of five (5) years. Temporary permits may be renewed or deemed permanent by resolution of Council.

Bylaw No. 06-2020

- (a) A shipping container for personal storage use may be temporarily placed on a site in any district under the following conditions:

Bylaw No. 06-2020

- i. During construction on a site when the shipping container is utilized solely for the storage of supplies and equipment that are used on site in support of construction of the principal building or use, provided that a valid development permit, a renewal, or extension thereof, has been issued for the principal use or structure on that site.
- ii. The shipping container must be removed from the site upon first occurrence of any of the following for the principal use or structure: expiry or closure of the development permit; or final close-in for building inspection.

PART IV – ZONING DISTRICTS

For the purpose of applying this bylaw, the municipality is divided into zoning districts.

The boundaries of the zoning districts are shown on the map entitled, “Zoning District Map” which is attached to, and forms a part of this bylaw. Unless otherwise shown on the map, the boundaries of the said districts are site lines, centre lines of streets, lands, roads or such lines extended and the boundaries of the municipality.

Regulations for the zoning districts are outlined in the schedules which are attached and form part of this bylaw.

SCHEDULE A: A – AGRICULTURAL DISTRICT

A. PERMITTED USES

The following uses are permitted in this area district:

1. Principal Uses:

(a) Agricultural:

(i) Field crops, bee keeping, animal and poultry raising, ranching, grazing, and other similar uses customarily carried out in the field of general agriculture, including the sale on the agricultural holding of any produce grown or raised on the agricultural holding, but not including intensive agriculture or agriculture related commercial operations.

(ii) Grain elevators and rail loading facilities.

(iii) Game farm and controlled hunt farm

Bylaw No. 17-04

(b) Resource based activities:

Natural resource developments including mineral and forest products processing and related development facilities;

(c) Other:

(i) Radio, televisions and microwave towers.

(ii) Public Utilities, excluding municipal solid and liquid waste disposal sites.

(iii) Places of worship, cemeteries, schools, institutional uses and facilities.

(iv) Historical and archaeological sites, and wildlife and conservation management areas.

(d) Residential and related-residential:

Bylaw No. 08-20

(i) Farmstead residential;

(ii) Single parcel country residential, including a single detached residence or a mobile home;

(iii) Vacation farms and bed and breakfast homes, subject to Section C regulations.

Bylaw No. 04-24

(iv) Home and farm-based business, subject to Section C regulations.

Bylaw No. 04-24

(e) (i) Machine shops and metal fabricators;

Bylaw No. 08-20

(ii) Outfitter Lodge, subject to Section C regulations.

Bylaw No. 04-24

2. Accessory Uses

- (a) Buildings, structures, or uses secondary to, and located on the same site with a permitted use.
- (b) One single detached dwelling or mobile home on a permanent foundation is permitted as an accessory use to a principal agricultural use. Additional single detached dwellings or mobile homes required to accommodate full-time workers engaged in a principal agricultural use of the land will be permitted, subject to a resolution of Council.
- (c) Dormitory dwelling(s) will be permitted, as required, to accommodate full time workers engaged in a principal agricultural use of the land.
- (d) Garden Suite, subject to resolution of Council. **Bylaw No. 02-14**
- (e) Shipping containers for personal storage, subject to Section C regulations. **Bylaw No. 06-2020**
Bylaw No. 04-24

B. Discretionary uses:

The following principal uses and their accessory uses are discretionary in this district:

- (a) Agricultural related commercial and other similar uses, petroleum related commercial uses;
- (b) Gravel pits and gravel crushing operations;
- (c) Recreational – including sports fields, golf courses, seasonal campgrounds, parks, and other similar uses;
- (d) Intensive agricultural uses (including intensive livestock operations);
- (e) *Removed* **Bylaw No. 08-20**
- (f) *Removed* **Bylaw No. 08-20**
- (g) *Removed* **Bylaw No. 08-20**
- (h) Municipal solid and liquid waste disposal facilities, soil farms;
- (i) *Removed* **Bylaw No. 08-20**
- (j) Automotive and machinery wrecking yards, R.V. and vehicle storage yards.
- (k) *Removed* **Bylaw No. 08-20**
- (l) *Removed* **Bylaw No. 08-20**
- (m) *Removed* **Bylaw No. 03-10**

(n) Small agricultural parcel subdivisions, subject to C.1. (a) (ii.a) **Bylaw No. 04-22**

Only items a, b, c, d, and j may include residential dwellings as a permitted accessory use in accordance with this bylaw **Bylaw No. 08-20**

B1. Additional Criteria for Discretionary Uses: **Bylaw No. 17-04**

(a) Road and approach standards shall be appropriate for the intended use. The developer may be required to enter into a development agreement to upgrade the road to RM standards if this development is to proceed.

(b) *Removed* **Bylaw No. 08-20**

(c) Commercial Uses:

(i) Site size shall be appropriate, in Council's opinion, for the receipt, distribution or dispatch by vehicles of materials, goods or merchandise through the designation of a clearly defined unloading or loading space on the site plan.

(ii) Applications shall be required to demonstrate that the proposed use shall not cause adverse effects in regards to:

(1) Safety;

(2) Surrounding existing development;

(3) Noise;

(iii) Site size, in Council's opinion, shall ensure adequate set back and sufficient screening of any outdoor storage area from adjacent residential development and subdivisions or a municipal road allowance. The proposed use shall include appropriate screening, but shall not affect sight triangles.

(iv) Appropriate locations for the proposed use shall be considered based on the visual aesthetics of the surrounding area in relation to the tourist industry, where applicable.

(v) *Removed* **Bylaw No. 08-20**

(vi) Automotive and machinery wrecking yards, RV and vehicle storage yards: **Bylaw No. 08-20**

(1) Council shall consider surrounding incompatible land uses, and may require additional buffers or screening to mitigate adverse effects.

(d) Recreational:

(i) Proposals shall be preferred where the application:

(1) Site location is adjacent to a lake;

(2) Includes a private beach area within the site plan;

- (3) Includes a boat launch within the site plan for campground guests, and adequate parking;
- (ii) Appropriate locations for the proposed use shall be considered based on the visual aesthetics of the surrounding area in relation to the tourist industry.
- (iii) Golf Courses and Clubhouses:
 - (1) Applications shall demonstrate to Council how the natural vegetation of the proposed parcel shall retain the intent of the Agriculture District;
 - (2) In the opinion of Council the proposed use shall not cause adverse visual aesthetics of the treed lakeshore area;
 - (3) Appropriate locations for the proposed use shall be considered based on the visual aesthetics of the surrounding area in relation to the tourist industry;
- (e) Gravel Pits and Gravel Crushing Operations, Intensive Agricultural Uses, Municipal Solid and Liquid Waste Disposal Facilities, Soil Farms, Airports and Private Airstrips, Outfitter Lodge:
 - (i) Site design should, in Council's opinion, mitigate adverse effects (i.e., noise).
 - (ii) Applications shall be required to demonstrate that the proposed use shall not cause adverse effects regarding:
 - (1) Safety;
 - (2) Surrounding existing development;
 - (3) Noise;
 - (iii) Land use incompatibility, nuisance and pollution shall be minimized by considering appropriate routes, buffers, screening, etc.
 - (iv) Council may specify development conditions in conjunction with recommendations from provincial agencies and reports from qualified person regarding site development, services, modifications to application and locations of operation.
 - (v) Council may specify conditions regarding cost recovery and cost-sharing of municipal road construction and maintenance expense due to increased haulage by trucks carrying increased loads.
 - (vi) Council may evaluate the capacity of the mineral extraction and consider the approval of the permit for limited time periods, as a condition of approval.
 - (vii) Any other information that Council deems necessary.

C. REGULATIONS

Bylaw No 17-04

(a) Game Farms, Controlled Hunt Farms:

(i) Any operation shall be considered a game farm or controlled hunt farm for the purpose of this Bylaw if it requires approval for a Game Farm or Controlled Hunt Farm from The Ministry of Agriculture under the *Domestic Game Farm Animal Regulations, 1999* as amended;

(ii) Permit approval shall be conditional upon provincial approval. Applicants shall be required to provide provincial approval upon receipt to the RM office.

(iii) A new permit application shall be required in the following instances:

(i) The expansion of the operation;

(ii) The alteration of the species of animals in the operation;

(iii) The replacement of an operation, game farm, or controlled hunt farm;

(iv) An alteration of location for the operation;

(iv) Applications shall include the following information:

(i) Site Plans showing:

(1) Enclosures labelling species contained;

(2) Location and materials of fencing, and distances to property boundaries;

(3) Any structures, corrals and handling areas associated with the operation;

(ii) Description and number range of animals to be included within the enclosure, per species.

(iii) Mitigative measures for fencing in low-lying areas (i.e., inclusion of berms, etc.), unique topographies, etc;

(iv) Corner post materials and bracing;

1. Site Area Requirements:

(a) Agricultural Use:

(i) One quarter section or equivalent shall be the minimum site area required to constitute an agricultural holding. Equivalent shall mean 64.8 hectares (160 metres) or such lesser amount as remains in an agricultural holding because of the registration of road widening, road right-of-way or railway plans or pipeline development, or natural features such as streams or bodies of water, or as a result of subdivision permitted herein. Any agricultural holding which does not conform to the minimum

site area requirement shall be deemed conforming with regard to site area, provided that a registered title for the site existed in the Land Titles Office prior to the coming into force of this bylaw.

(ii) Reduced Site Area – where established by an applicant to the satisfaction of Council, that a subdivision to create a site of less than 64 hectares (158 acres) is necessary for reasons that meet the criteria of the basic planning statement, sites for agricultural uses with a reduced area are permitted, provided that no resulting parcel of land in the quarter section shall be less than 14 hectares (34.5 acres).

(ii.a) Reduced Site Area (Small Agricultural Parcel) – where established by an applicant to the satisfaction of Council that a subdivision to create a site of less than 64 hectares (158 acres) is desirable and consistent with reasons that meet the criteria of the agricultural subdivision policies in the Basic Planning Statement, sites devoted exclusively to general agricultural uses with a reduced site area not less than 4.86 hectares (12 acres) may be permitted subject to all of the following conditions: **Bylaw No. 04-22**

(1) Notwithstanding anything in this District, the establishment of any form of dwelling or dwelling unit is expressly prohibited (including the placement of any trailer coach/home or similar, to be used on a permanent, seasonal, or occasional basis) unless it complies with (ii); non-residential uses shall follow the policy and regulations specific to any other proposed use; **Bylaw No. 04-22**

(2) A maximum of four (4) parcels with a total area not exceeding 24.28 hectares (60 acres) may be created per quarter section or equivalent as defined in (i), provided that any residual portion of the quarter is not less than 32.4 hectares (80 acres); **Bylaw No. 04-22**

(3) Legal and physical access to any proposed parcel shall be provided to a minimum standard for agricultural use. Any required improvement for access shall be required at the applicant's expense **Bylaw No. 04-22**

Development on a farm residence on such sites shall be permitted:

- If the site is part of a farm land holding of one quarter section or equivalent; or,
- If the site is determined to be a farmstead site as defined in this bylaw; and,
- If the site meets all other requirements of this bylaw.

(iii) Intensive agricultural uses and farmstead residential: Minimum – 0.8 ha (2 acres)

(b) Single parcel country residential: Minimum – 0.81 ha (2.0 acres)

Maximum – Four (4) residential sites, where the total land area per quarter section for all Single Parcel Country Residential lots shall be limited to a maximum of 16.2 ha (40.0 acres). **Bylaw No. 02-14**
Bylaw No. 04-16

(c) Agricultural related commercial: Minimum – 0.4 ha (1 acre)

(d) All other uses: Minimum – None

2. Building Setback Requirements:

- (a) All buildings and dwellings shall be set back a minimum of 45.7 metres (150 feet) from the centre line of any municipal road allowance, or provincial highway. (Note: A greater distance may be required by the Department of Highways and Transportation.)
- (b) Residential dwellings and intensive livestock operations shall be required to be set back the minimum separation distances from each other as prescribed in the Basic Planning Statement, however these requirements may be relaxed by Council, subject to a written agreement between adjoining land owners.
- (c) Residential dwellings and anhydrous ammonia fertilizer facilities shall be required to be set back the following separation distances:
 - 305 metres (1,000 feet) for non-refrigerated facilities.
 - 600 metres (1969 feet) for refrigerated facilities.

Residences which are an integral part of the fertilizer operation are not subject to the foregoing requirements.

3. Development Standards for Discretionary Uses:

- (a) Municipal solid and liquid waste disposal facilities:

Development of the municipal solid or liquid waste disposal facility may be subject to Part III Section 7 of this bylaw.

- (b) Intensive Livestock Operations:

The resolution of Council which approves a discretionary use application for a proposed intensive operation and associated development shall specify the maximum allowable number of animal units for the operation. This limit will be based on the development proposal provided by the applicant as well as a consideration of any future intended plans for expansion.

- (c) Seasonal Campgrounds:

Development of a seasonal campground may be subject to Part III Section 7 of this bylaw.

- (d) Gravel Pits and Gravel Crushing Operations

Bylaw No. 17-04

(i) Shall have access to a developed road allowance. Applicants may be required to enter into a servicing agreement to upgrade the quality of the roadway to meet RM road standards.

(ii) Applications may be required to include a decommissioning, reclamation and/or remission plan, at the cost of the applicant following the completion of the operation. Council may require progressive restoration while extraction is ongoing in other sections of proposed area. Full restoration of the land or premises to its condition immediately before the undertaking of the development should commence

immediately upon termination of the operation and shall be complete within two (2) years after operations ceased.

(iii) Prior to rendering a decision, Council may require impact assessment or additional information, such as a mineral extraction study, or projected volumes of truck traffic on roads, the proposed road impacts (i.e., road deterioration), and the proposed measures to minimize negative (i.e., noise, dust, excessive speed) impacts on other road uses and the general public.

(1) Where a sand and gravel development is proposed within the vicinity of a water sources, the applicant may be required to provide appropriate hydrological studies describing potential impacts and other mitigation measures necessary. Council may refer this study to appropriate government agencies for additional feedback prior to rendering a decision.

(iv) Minimum excavation setbacks are as follows:

Development Type	Minimum Distance
Dwelling, Recreational or Heritage Lands	805.0 m (0.81 km)*
Municipal Road Allowance	15.0 m (50.0 feet)
Hazardous Lands	30.0 m (98.4 feet)

*Distance measured to principal building on site.

(v) The applicant may be required to sign a Development Agreement to provide a bond, or Irrevocable Letter of Credit, or another method of security/financial guarantee equal to the cost of reclamation of the mineral extraction site, to be held by the Municipality for the lifespan of the operation to ensure the land is reclaimed to a standard acceptable to Council.

(1) The bond or other acceptable security must be in place prior to the commencement of development.

- (e) Vacation farms and bed and breakfast homes **Bylaw No. 04-24**
 - (i) Vacation farms shall be ancillary to an agricultural farm operation or country residence and may include bed and breakfast, cabins, and overnight camping areas. **Bylaw No. 04-24**
 - (ii) A maximum of five cabins shall be permitted as part of a vacation farm or bed and breakfast operation. **Bylaw No. 04-24**
 - (iii) Only one sign, not exceeding 1.5 square metres advertising the vacation farm or bed and breakfast and located on site, is permitted. **Bylaw No. 04-24**
 - (iv) Council shall be notified by the operator respecting compliance with the requirements by the Department of Health. **Bylaw No. 04-24**

- (v) Bed and breakfast operations shall be located in a single detached dwelling used as the operator's principal residence developed as a farmstead site or country residence; or located in cabins or a dwelling accessory to and established on the same site as the host principal residence. **Bylaw No. 04-24**
- (vi) Council shall specify the maximum allowable number of bedrooms, cabins or camping sites or combination thereof in its approval. **Bylaw No. 04-24**
- (f) Home and farm-based business **Bylaw No. 04-24**
- Home Based Business **Bylaw No. 04-24**
- (i) The use shall be clearly incidental and secondary to the use of the dwelling unit as a private residence. **Bylaw No. 04-24**
- (ii) The use shall not involve the display or storage of goods or equipment upon or inside the premises such that these items are exposed to public view from the exterior. **Bylaw No. 04-24**
- (iii) The use shall not generate substantially more vehicular and/or pedestrian traffic and vehicular parking than normal within the district or produce offensive noise, vibration, electrical interference, smoke, dust, odours, heat or glare shall be produced by the use. **Bylaw No. 04-24**
- (iv) No use shall cause an increase in the demand placed on one or more utilities (water, sewer, electricity, telephone, garbage, etc.) such that the combined total consumption for a dwelling and its home based business substantially exceeds the average for residences in the area **Bylaw No. 04-24**
- (v) No use requiring electrical or mechanical equipment shall cause a substantial fire rating change in the structure or the district in which the home based business is located. **Bylaw No. 04-24**
- (vi) The permitted use shall be valid only for the period of time the property is occupied by the applicant for such permitted use. **Bylaw No. 04-24**
- Farm Based Business **Bylaw No. 04-24**
- (i) The use shall be clearly incidental and secondary to the principal agricultural operation. **Bylaw No. 04-24**
- (ii) Advertising signs shall be limited to one sign of not more than one square metre (10.75 sq. ft.). **Bylaw No. 04-24**
- (g) Outfitter Lodge **Bylaw No. 04-24**
- (i) The applicant or outfitter shall provide a letter, along with the development permit application, outlining the proposed method of operation, promotional strategy, services and amenities to be provided to guests, a detailed list of equipment to be used, and any other information that will assist Council in making their decision. **Bylaw No. 04-24**
- (ii) The outfitter lodge shall be located in close proximity to the proposed hunting or fishing area. **Bylaw No. 04-24**

- (iii) No hunting shall be allowed on the lands in which the outfitter lodge is located. **Bylaw No. 04-24**
- (iv) A site plan shall be submitted along with the development permit application that, in addition to the requirements of Part II, Section 3, shows: **Bylaw No. 04-24**
- 1) size of the proposed/existing site,
 - 2) the property in relation to highways, roads, lakes or rivers, or crown land
 - 3) location of proposed and existing buildings,
 - 4) location of proposed or existing septic tanks, fields, lagoons, etc.,
 - 5) anything else that is relevant to the site
- (v) If the construction of a new building is proposed, the applicant shall provide a sketch of the proposed building(s). **Bylaw No. 04-24**
- (vi) If the Outfitters Lodge is proposed to be located on Crown land, approvals from the Crown must be submitted as part of the development permit application. **Bylaw No. 04-24**
- (h) Shipping containers for personal storage **Bylaw No. 04-24**
- (a) Shipping containers shall not be placed on a site prior to, or in the absence of, an established principal use except as provided for in this bylaw. **Bylaw No. 04-24**
 - (b) Shipping containers shall be required to meet all the yard requirements and regulations of an accessory structure or building for the zoning district in which it is located. **Bylaw No. 04-24**
 - (c) Shipping containers shall not be used for any form of dwelling, human habitation, or sleeping accommodation, nor shall they be connected to any water or sewage system. **Bylaw No. 04-24**
 - (d) Where permitting is required, applicants shall submit photographs of the unit clearly showing all sides of the structure as part of a permit application. **Bylaw No. 04-24**
 - (e) Any permit granted for a shipping container is specific to the particular unit. Removal, replacement, or relocation within a site shall require any new permit. **Bylaw No. 04-24**
 - (f) Shipping containers shall be properly maintained and kept in good repair. **Bylaw No. 04-24**
 - (g) Shipping containers shall not be used as a sign or billboard except in accordance with any regulations pertaining to signs within this bylaw. **Bylaw No. 04-24**
 - (h) Where applicable, a shipping container shall meet the requirements of the National Building Code of Canada. **Bylaw No. 04-24**
 - (i) Where a zoning district identifies a shipping container as a discretionary use, the following evaluation and standards shall apply: **Bylaw No. 04-24**
 - i. In the opinion and to the satisfaction of Council, assessment for compatibility, suitability, and placement within a site shall be based on: **Bylaw No. 04-24**

(A) the context in which the shipping container will be located, and its ability to complement or detract from land uses in the vicinity;

(B) the condition of the shipping container and any treatment(s) given to improve its appearance; and

(C) the use of any screening or placement within the site to minimize any potential land use conflict, nuisance, or negative impact on the public realm.

ii. To secure the objectives of this bylaw, and to minimize any negative impact on adjacent land uses and the public realm, Council may impose development standards or permit conditions related to the following: **Bylaw No. 04-24**

(A) the placement within the site relative to other on-site development, or development on adjacent lands; and

(B) requirements for landscaping or screening;

SCHEDULE B: H – HAMLET DISTRICT

A. PERMITTED USES:

The following uses are permitted in this district:

1. Principal Uses:

- (a) Residential:
 - (i) Single detached dwellings, including mobile homes;

Retaining Walls

Bylaw No. 04-24

Notwithstanding anything contained herein, the Development Officer shall require a detailed geotechnical investigation prepared and endorsed by a qualified engineer and is required prior to the issuance of a Development Permit, or the construction of any retaining wall. Costs associated with any investigation are solely those of the applicant. The detailed investigation shall include, but is not limited to:

- i. Construction plans for the retaining wall and any engineering specifications that must be adhered to with respect to its construction and any fill to be retained; **Bylaw No. 04-24**
- ii. Detailed plans for suitable management of on and off-site surface drainage. Post-development outflows must not increase pre-development levels unless properly directed to a municipally controlled drainage network with excess capacity, or a suitable **Bylaw No. 04-24**

- natural retention body;
- iii. A site surface drainage plan demonstrating appropriate passage of surface waters and mitigation of drainage impacts to adjacent and neighbouring properties; and **Bylaw No. 04-24**
 - iv. The endorsement of the assessment or investigation by a qualified professional that the retaining wall is designed with full knowledge of topographical, geotechnical, and hydrological conditions on site. The level of investigation required is to be determined by the professional such that they are willing to endorse and assume liability for their conclusions. **Bylaw No. 04-24**
- (b) Retaining walls shall be required to abide by all setback distances for accessory structures specified in individual zoning districts. **Bylaw No. 04-24**
- i. Council may consider a lesser setback for the placement of retaining walls where a registered hazard land geotechnical interest is registered on title; or where, to the satisfaction of Council, that a site has been demonstrated to have development constraints outlined in Part III General Regulations, Section 2 – Areas Prohibited for Development, and where in Council’s opinion the additional developable land created by retention is required. **Bylaw No. 04-24**
- (c) Retaining walls within five (5) metres of the high-water mark of any water course or water body shall be required to submit to the Development Officer provincial ministry or agency approval with respect to alteration of a shoreline. **Bylaw No. 04-24**
- (d) The Development Officer may require the submission of a Real Property Surveyor’s Report completed by a Saskatchewan Land Surveyor to ensure construction of the retaining wall within property boundaries. This may be requested as an approval condition, or prior to the approval of future development of the site. **Bylaw No. 04-24**
- (e) Where a retaining wall or walls require the issuance of a development permit prescribed by this bylaw, the applicant may be required to provide to the Development Officer, evidence prepared by a qualified professional detailing any considerations or development standards required to ensure the integrity of the wall(s) and the land which it is retaining (for example, a letter of assurance). **Bylaw No. 04-24**
- (f) The construction of a retaining wall shall not cause adverse effects for surface drainage onto adjacent and nearby property boundaries. **Bylaw No. 04-24**
- Retaining Wall Evaluation Criteria **Bylaw No. 04-24**
- (a) Where a development permit is required for a retaining wall as a discretionary form of development, Council will apply the following evaluation criteria in its assessment of the suitability of a retaining wall or series of walls: **Bylaw No. 04-24**
 - i. The degree to which the wall may alter the natural topography, natural habitat, and vegetation of surrounding land; **Bylaw No. 04-24**

- ii. The degree to which the retaining wall or walls have been designed and engineered to ensure its integrity and the land it retains; **Bylaw No. 04-24**
- iii. Restrictions for the total retaining wall height shall be considered in relation to the proximity to property lines, and surrounding land uses; and **Bylaw No. 04-24**
- iv. Any other adverse affects it may have on surrounding land uses and public safety. **Bylaw No. 04-24**

Shipping Containers

Bylaw No. 04-24

- (a) Shipping containers shall not be placed on a site prior to, or in the absence of, an established principal use except as provided for in this bylaw. **Bylaw No. 04-24**
- (b) Shipping containers shall be required to meet all the yard requirements and regulations of an accessory structure or building for the zoning district in which it is located. **Bylaw No. 04-24**
- (c) Shipping containers shall not be used for any form of dwelling, human habitation, or sleeping accommodation, nor shall they be connected to any water or sewage system. **Bylaw No. 04-24**
- (d) Where permitting is required, applicants shall submit photographs of the unit clearly showing all sides of the structure as part of a permit application. **Bylaw No. 04-24**
- (e) Any permit granted for a shipping container is specific to the particular unit. Removal, replacement, or relocation within a site shall require any new permit. **Bylaw No. 04-24**
- (f) Shipping containers shall be properly maintained and kept in good repair. **Bylaw No. 04-24**
- (g) Shipping containers shall not be used as a sign or billboard except in accordance with any regulations pertaining to signs within this bylaw. **Bylaw No. 04-24**
- (h) Where applicable, a shipping container shall meet the requirements of the National Building Code of Canada. **Bylaw No. 04-24**
- (i) Where a zoning district identifies a shipping container as a discretionary use, the following evaluation and standards shall apply: **Bylaw No. 04-24**
 - i. In the opinion and to the satisfaction of Council, assessment for compatibility, suitability, and placement within a site shall be based on: **Bylaw No. 04-24**
 - (A) the context in which the shipping container will be located, and its ability to complement or detract from land uses in the vicinity;
 - (B) the condition of the shipping container and any treatment(s) given to improve its appearance; and
 - (C) the use of any screening or placement within the site to minimize any potential land use conflict, nuisance, or negative impact on the public realm.
 - ii. To secure the objectives of this bylaw, and to minimize any negative impact on adjacent land uses and the public realm, Council may impose development standards or permit conditions related to the following: **Bylaw No. 04-24**
 - (A) the placement within the site relative to other on-site development, or

development on adjacent lands; and
(B) requirements for landscaping or screening;

Retaining Walls **Bylaw No. 04-24**

Notwithstanding anything contained herein, the Development Officer shall require a detailed geotechnical investigation prepared and endorsed by a qualified engineer and is required prior to the issuance of a Development Permit, or the construction of any **Bylaw No. 04-24**

retaining wall. Costs associated with any investigation are solely those of the applicant. The detailed investigation shall include, but is not limited to:

- i. Construction plans for the retaining wall and any engineering specifications that must be adhered to with respect to its construction and any fill to be retained; **Bylaw No. 04-24**
 - ii. Detailed plans for suitable management of on and off-site surface drainage. Post-development outflows must not increase pre-development levels unless properly directed to a municipally controlled drainage network with excess capacity, or a suitable natural retention body; **Bylaw No. 04-24**
 - iii. A site surface drainage plan demonstrating appropriate passage of surface waters and mitigation of drainage impacts to adjacent and neighbouring properties; and **Bylaw No. 04-24**
 - iv. The endorsement of the assessment or investigation by a qualified professional that the retaining wall is designed with full knowledge of topographical, geotechnical, and hydrological conditions on site. The level of investigation required is to be determined by the professional such that they are willing to endorse and assume liability for their conclusions. **Bylaw No. 04-24**
- (b) Retaining walls shall be required to abide by all setback distances for accessory structures specified in individual zoning districts. **Bylaw No. 04-24**
- i. Council may consider a lesser setback for the placement of retaining walls where a registered hazard land geotechnical interest is registered on title; or where, to the satisfaction of Council, that a site has been demonstrated to have development constraints outlined in Part III General Regulations, Section 2 – Areas Prohibited for Development, and where in Council’s opinion the additional developable land created by retention is required. **Bylaw No. 04-24**
- (c) Retaining walls within five (5) metres of the high-water mark of any water course or water body shall be required to submit to the Development Officer provincial ministry or agency approval with respect to alteration of a shoreline. **Bylaw No. 04-24**
- (d) The Development Officer may require the submission of a Real Property Surveyor’s Report completed by a Saskatchewan Land Surveyor to ensure construction of the retaining wall within property boundaries. This may be requested as an approval condition, or prior to the approval of future development of the site. **Bylaw No. 04-24**
- (e) Where a retaining wall or walls require the issuance of a development permit prescribed by this bylaw, the applicant may be required to provide to the Development Officer, evidence prepared by a qualified professional detailing any considerations or development standards required to ensure the integrity of the wall(s) and the land which it is retaining (for example, a letter of assurance). **Bylaw No. 04-24**
- (f) The construction of a retaining wall shall not cause adverse effects for surface drainage onto adjacent and nearby property boundaries. **Bylaw No. 04-24**
- Retaining Wall Evaluation Criteria **Bylaw No. 04-24**
- (a) Where a development permit is required for a retaining wall as a discretionary form of development, Council will apply the following evaluation criteria in its assessment **Bylaw No. 04-24**

of the suitability of a retaining wall or series of walls:

- i. The degree to which the wall may alter the natural topography, natural habitat, and vegetation of surrounding land; **Bylaw No. 04-24**
- ii. The degree to which the retaining wall or walls have been designed and engineered to ensure its integrity and the land it retains; **Bylaw No. 04-24**
- iii. Restrictions for the total retaining wall height shall be considered in relation to the proximity to property lines, and surrounding land uses; and **Bylaw No. 04-24**
- iv. Any other adverse affects it may have on surrounding land uses and public safety. **Bylaw No. 04-24**

C. SPECIAL STANDARDS

- 1.** A motor home or trailer home will be permitted only if the unit is less than 15 years of age calculated from the date of manufacture. A motor home or trailer home older than 15 years may be permitted at the discretion of Council. **Bylaw No. 02-14**
Bylaw No. 04-16
Bylaw No. 06-24
At its discretion, and by resolution, Council may permit a trailer home older than 15 years of age and will evaluate applications on the following:
 - (i) Any additional age over 15 years would not significantly deviate from the established character, scale, and form of adjacent development; **Bylaw No. 04-24**
 - (ii) The additional age of the trailer home would not unreasonably and negatively affect adjacent properties; **Bylaw No. 04-24**
 - (iii) The additional age of the trailer home would not result in a significant increase in the occupancy or intensity of the use. **Bylaw No. 04-24**

C. SPECIAL STANDARDS

1. Motor home and trailer homes are subject to the following conditions:

- (a) A motor home or trailer home and all accessory buildings shall be removed before January 31, 2030, unless there is an approved development permit for a residential principal use. **Bylaw No. 09-12**
Bylaw No. 06-24
- (b) A motor home or trailer home will be permitted only if the unit is less than 15 years of age calculated from the date of manufacture. A motor home or trailer home older than 15 years may be permitted at the discretion of Council. **Bylaw No. 06-24**

At its discretion, and by resolution, Council may permit a trailer home older than 15 years of age and will evaluate applications on the following:

- (i) Any additional age over 15 years would not significantly deviate from the established character, scale, and form of adjacent development;
 - (ii) The additional age of the trailer home would not unreasonably and negatively affect adjacent properties;
 - (iii) The additional age of the trailer home would not result in a significant increase in the occupancy or intensity of the use; and
 - (iv) The application shall contain a written narrative provided by the applicant outlining the timeline, milestones, other steps the applicant intends to complete, or any other similar matter deemed necessary by Council or the Development Officer, to assess the conversion process to a principal permanent use.
- (c) The applicant shall sign a memorandum of understanding to acknowledge that the motor home or trailer home shall be removed when the 15 year time period as identified in clause 1(a) above has expired or when the age of the unit becomes 15 years of age, whichever is sooner. Unless approved at the discretion of Council to remain after 15 year age mark is reached.” **Bylaw No. 06-24**
 - (d) If the motor home or trailer home remains on the land after the period identified in 1(c) above has expired, Council will enforce the removal of the unit.
 - (e) A second temporary motor home or trailer home will be allowed as a visitor to the site for a period of no more than 21 consecutive days. **Bylaw No. 02-14**
 - (f) Sites may contain a maximum of 250 gallons of propane total, and any tank size over 100 pounds shall require the landowner to complete appropriate gas-fitting permits and have the tank inspected by a licensed gas-fitter. Within the 250 gallons, only a maximum of two (2) 100 pound bottles shall be used at one time. **Bylaw No. 04-16**
 - (g) The motor home or trailer shall not be modified to be made permanent through removal of axles and/or wheels.
 - (f) Home based businesses shall not be allowed on the site until the permanent residence has been constructed

- (g) The motor home or trailer home must be a self contained unit and connected to the communal water and sewer facilities serving the subdivision. The motor home or trailer home must have a system for sewage and waste water disposal that has been approved by the development authority prior to the approval of a development permit.
- (h) The motor home or trailer home is not to be kept for rent, lease or hire.
- (i) The motor home or trailer home is not a mobile home.
- (j) A copy of the bill of sale or registration and a photo must be submitted with each application.
- (k) The replacement of a motor home or trailer home on a property requires a new development permit.

2. Criteria for home-based businesses:

- (a) must be associated with a permanent residence.
- (b) Are subject to Part III, Section 7 of this bylaw.

D. DISCRETIONARY EVALUATION CRITERIA

In addition to the requirement for any general or specific development standard, or discretionary use evaluation criteria prescribed in this bylaw to maintain public safety and minimize potential incompatibility, Council may apply the following evaluation criteria in its review of discretionary uses: **Bylaw No.08-20**

- (a) Institutional and recreation uses shall demonstrate that they serve a local demand or provide complementary amenity to land use in the area. **Bylaw No. 08-20**
- (b) Notwithstanding Part III Section 7 of this bylaw, where potential issues related to parking and traffic generation can be suitably mitigated or minimized, it will be viewed favourably by Council. **Bylaw No. 08-20**
- (c) Retaining Walls **Bylaws No. 04-24**

Notwithstanding anything contained herein, the Development Officer shall require a detailed geotechnical investigation prepared and endorsed by a qualified engineer and is required prior to the issuance of a Development Permit, or the construction of any retaining wall. Costs associated with any investigation are solely those of the applicant. The detailed investigation shall include, but is not limited to: **Bylaws No. 04-24**

i. Construction plans for the retaining wall and any engineering specifications that must be adhered to with respect to its construction and any fill to be retained; **Bylaws No. 04-24**

ii. Detailed plans for suitable management of on and off-site surface drainage. Post-development outflows must not increase pre-development levels unless properly directed to a municipally controlled drainage network with excess capacity, or a suitable natural retention body; **Bylaws No. 04-24**

- iii. A site surface drainage plan demonstrating appropriate passage of surface waters and mitigation of drainage impacts to adjacent and neighbouring properties; and **Bylaws No. 04-24**
- iv. The endorsement of the assessment or investigation by a qualified professional that the retaining wall is designed with full knowledge of topographical, geotechnical, and hydrological conditions on site. The level of investigation required is to be determined by the professional such that they are willing to endorse and assume liability for their conclusions **Bylaws No. 04-24**
- (b) Retaining walls shall be required to abide by all setback distances for accessory structures specified in individual zoning districts. **Bylaws No. 04-24**
 - i. Council may consider a lesser setback for the placement of retaining walls where a registered hazard land geotechnical interest is registered on title; or where, to the satisfaction of Council, that a site has been demonstrated to have development constraints outlined in Part III General Regulations, Section 2 – Areas Prohibited for Development, and where in Council’s opinion the additional developable land created by retention is required. **Bylaws No. 04-24**
- (c) Retaining walls within five (5) metres of the high-water mark of any water course or water body shall be required to submit to the Development Officer provincial ministry or agency approval with respect to alteration of a shoreline. **Bylaws No. 04-24**
- (d) The Development Officer may require the submission of a Real Property Surveyor’s Report completed by a Saskatchewan Land Surveyor to ensure construction of the retaining wall within property boundaries. This may be requested as an approval condition, or prior to the approval of future development of the site. **Bylaws No. 04-24**
- (e) Where a retaining wall or walls require the issuance of a development permit prescribed by this bylaw, the applicant may be required to provide to the Development Officer, evidence prepared by a qualified professional detailing any considerations or development standards required to ensure the integrity of the wall(s) and the land which it is retaining (for example, a letter of assurance). **Bylaws No. 04-24**
- (f) The construction of a retaining wall shall not cause adverse effects for surface drainage onto adjacent and nearby property boundaries. **Bylaws No. 04-24**
- Retaining Wall Evaluation Criteria **Bylaws No. 04-24**
 - (a) i. Where a development permit is required for a retaining wall as a discretionary form of development, Council will apply the following evaluation criteria in its assessment of the suitability of a retaining wall or series of walls: **Bylaws No. 04-24**
 - ii. The degree to which the wall may alter the natural topography, natural habitat, and vegetation of surrounding land; **Bylaws No. 04-24**
 - iii. The degree to which the retaining wall or walls have been designed and engineered to ensure its integrity and the land it retains; **Bylaws No. 04-24**
 - iv. Restrictions for the total retaining wall height shall be considered in relation to the proximity to property lines, and surrounding land uses; and **Bylaws No. 04-24**

v. Any other adverse affects it may have on surrounding land uses and public safety **Bylaws No. 04-24**

Shipping Containers **Bylaws No. 04-24**

- (a) Shipping containers shall not be placed on a site prior to, or in the absence of, an established principal use except as provided for in this bylaw. **Bylaws No. 04-24**
- (b) Shipping containers shall be required to meet all the yard requirements and regulations of an accessory structure or building for the zoning district in which it is located. **Bylaws No. 04-24**
- (c) Shipping containers shall not be used for any form of dwelling, human habitation, or sleeping accommodation, nor shall they be connected **Bylaws No. 04-24**
- (d) Where permitting is required, applicants shall submit photographs of the unit clearly showing all sides of the structure as part of a permit application. **Bylaws No. 04-24**
- (e) Any permit granted for a shipping container is specific to the particular unit. Removal, replacement, or relocation within a site shall require any new permit. **Bylaws No. 04-24**
- (f) Shipping containers shall be properly maintained and kept in good repair. **Bylaws No. 04-24**
- (g) Shipping containers shall not be used as a sign or billboard except in accordance with any regulations pertaining to signs within this bylaw. **Bylaws No. 04-24**
- (h) Where applicable, a shipping container shall meet the requirements of the National Building Code of Canada. **Bylaws No. 04-24**
- (i) Where a zoning district identifies a shipping container as a discretionary use, the following evaluation and standards shall apply: **Bylaws No. 04-24**
 - i. In the opinion and to the satisfaction of Council, assessment for compatibility, suitability, and placement within a site shall be based on: **Bylaws No. 04-24**
 - (A) the context in which the shipping container will be located, and its ability to complement or detract from land uses in the vicinity;
 - (B) the condition of the shipping container and any treatment(s) given to improve its appearance; and
 - ii. To secure the objectives of this bylaw, and to minimize any negative impact on adjacent land uses and the public realm, Council may impose development standards or permit conditions related to the following: **Bylaws No. 04-24**
 - (A) the placement within the site relative to other on-site development, or development on adjacent lands; and
 - (B) requirements for landscaping or screening;

7. Parking Requirements

At least one vehicular parking space must be provided on site in addition to the parking space for the motor home or trailer home.

C. SPECIAL STANDARDS

1. Motor home, Trailer homes and Park Model Cottages are subject to the following conditions:
- (a) A motor home or trailer home will be permitted only if the unit is less than 15 years of age calculated from the date of manufacture. A motor home or trailer home older than 15 years may be permitted at the discretion of Council. **Bylaw No. 06-24**
- (b) The applicant shall sign a memorandum of understanding to acknowledge that the motor home or trailer home shall be removed when the 15 year time period as identified in clause (a) above has expired or when the age of the unit becomes 15 years of age, whichever is sooner. Unless approved at the discretion of Council to remain after 15-year age mark is reached. **Bylaw No. 06-24**

At its discretion, and by resolution, Council may permit a trailer home older than 15 years of age and will evaluate applications on the following:

- (i) Any additional age over 15 years would not significantly deviate from the established character, scale, and form of adjacent development;
 - (ii) The additional age of the trailer home would not unreasonably and negatively affect adjacent properties;
 - (iii) The additional age of the trailer home would not result in a significant increase in the occupancy or intensity of the use; and
 - (iv) The application shall contain a written narrative provided by the applicant outlining the timeline, milestones, other steps the applicant intends to complete, or any other similar matter deemed necessary by Council or the Development Officer, to assess the conversion process to a principal permanent use.
- (c) Sites may contain a maximum of 250 gallons of propane total, and any tank size over 100 pounds shall require the landowner to complete appropriate gas-fitting permits and have the tank inspected by a licensed gas-fitter. Within the 250 gallons, only a maximum of two (2) 100 pound bottles shall be used at one time. **Bylaw No. 04-16**
- (d) The motor home or trailer home shall not be modified to be made permanent through removal of axles and/or wheels.
- (e) The motor home, trailer home or park model cottage must be a self contained unit and connected to the communal water and sewer facilities that service the lot. The motor home, trailer home or park model cottage must have a system for sewage and waste water disposal that has been approved by the development authority prior to the approval of a development permit.
- (f) The motor home, trailer home or park model cottage is not kept for rent, lease or hire.
- (g) The motor home, trailer home or park model cottage is not a mobile home.
- (h) A copy of the bill of sale or registration and a photo must be submitted with each application.
- (i) The replacement of a motor home, trailer home or park model cottage on a property requires a new development permit.
- (j) A second temporary motor home or trailer home will be allowed as a visitor to the site for a period of no more than 21 consecutive days within a calendar year. **Bylaw No. 02-14**

D. DEVELOPMENT STANDARDS AND CRITERIA FOR DISCRETIONARY USES

In addition to the requirement for any general or specific development standard, or discretionary use evaluation criteria prescribed in this bylaw to maintain public safety and minimize potential incompatibility, Council may apply the following evaluation criteria in its review of discretionary uses: **Bylaw No. 08-20**

1. Criteria for Commercial Uses **Bylaw No. 03-10**

- (a) All commercial uses shall be consistent with Part III Section 7 of this Zoning Bylaw.

2. Criteria for Recreation Uses: **Bylaw No. 08-20**
- (a) Recreation uses shall demonstrate that they serve a local demand or provide complementary amenity to land use in the area. **Bylaw No. 08-20**
- (b) Notwithstanding Part III Section 7 of this bylaw, where potential issues related to parking and traffic generation can be suitably mitigated or minimized, it will be viewed favourably by Council **Bylaw No. 08-20**
- (c) Retaining Walls **Bylaws No. 04-24**
- Notwithstanding anything contained herein, the Development Officer shall require a detailed geotechnical investigation prepared and endorsed by a qualified engineer and is required prior to the issuance of a Development Permit, or the construction of any retaining wall. Costs associated with any investigation are solely those of the applicant. The detailed investigation shall include, but is not limited to: **Bylaws No. 04-24**
- i. Construction plans for the retaining wall and any engineering specifications that must be adhered to with respect to its construction and any fill to be retained; **Bylaws No. 04-24**
- ii. Detailed plans for suitable management of on and off-site surface drainage. Post-development outflows must not increase pre-development levels unless properly directed to a municipally controlled drainage network with excess capacity, or a suitable natural retention body; **Bylaws No. 04-24**
- iii. A site surface drainage plan demonstrating appropriate passage of surface waters and mitigation of drainage impacts to adjacent and neighbouring properties; and **Bylaws No. 04-24**
- iv. The endorsement of the assessment or investigation by a qualified professional that the retaining wall is designed with full knowledge of topographical, geotechnical, and hydrological conditions on site. The level of investigation required is to be determined by the professional such that they are willing to endorse and assume liability for their conclusions. **Bylaws No. 04-24**
- (b) Retaining walls shall be required to abide by all setback distances for accessory structures specified in individual zoning districts. **Bylaws No. 04-24**
- i. Council may consider a lesser setback for the placement of retaining walls where a registered hazard land geotechnical interest is registered on title; or where, to the satisfaction of Council, that a site has been demonstrated to have development constraints outlined in Part III General Regulations, Section 2 – Areas Prohibited for Development, and where in Council’s opinion the additional developable land created by retention is required. **Bylaws No. 04-24**
- (c) Retaining walls within five (5) metres of the high-water mark of any water course or water body shall be required to submit to the Development Officer provincial ministry or agency approval with respect to alteration of a shoreline. **Bylaws No. 04-24**
- (d) The Development Officer may require the submission of a Real Property Surveyor’s Report completed by a Saskatchewan Land Surveyor to ensure construction of the retaining wall within property boundaries. This may be requested as an approval **Bylaws No. 04-24**

condition, or prior to the approval of future development of the site.

- (e) Where a retaining wall or walls require the issuance of a development permit prescribed by this bylaw, the applicant may be required to provide to the Development Officer, evidence prepared by a qualified professional detailing any considerations or development standards required to ensure the integrity of the wall(s) and the land which it is retaining (for example, a letter of assurance). **Bylaws No. 04-24**
- (f) The construction of a retaining wall shall not cause adverse effects for surface drainage onto adjacent and nearby property boundaries. **Bylaws No. 04-24**

Retaining Wall Evaluation Criteria

Bylaws No. 04-24

(a) Where a development permit is required for a retaining wall as a discretionary form of development, Council will apply the following evaluation criteria in its assessment of the suitability of a retaining wall or series of walls:

Bylaws No. 04-24

i. The degree to which the wall may alter the natural topography, natural habitat, and vegetation of surrounding land;

Bylaws No. 04-24

ii. The degree to which the retaining wall or walls have been designed and engineered to ensure its integrity and the land it retains;

Bylaws No. 04-24

iii. Restrictions for the total retaining wall height shall be considered in relation to the proximity to property lines, and surrounding land uses; and

Bylaws No. 04-24

iv. Any other adverse affects it may have on surrounding land uses and public safety.

Bylaws No. 04-24

Shipping Containers

Bylaws No. 04-24

Bylaws No. 04-24

(c) Shipping containers shall not be used for any form of dwelling, human habitation, or sleeping accommodation, nor shall they be connected to any water or sewage system.

Bylaws No. 04-24

(d) Where permitting is required, applicants shall submit photographs of the unit clearly showing all sides of the structure as part of a permit application.

Bylaws No. 04-24

(e) Any permit granted for a shipping container is specific to the particular unit. Removal, replacement, or relocation within a site shall require any new permit.

Bylaws No. 04-24

(f) Shipping containers shall be properly maintained and kept in good repair.

Bylaws No. 04-24

(g) Shipping containers shall not be used as a sign or billboard except in accordance with any regulations pertaining to signs within this bylaw.

Bylaws No. 04-24

- (h) Where applicable, a shipping container shall meet the requirements of the National Building Code of Canada. **Bylaws No. 04-24**

- (i) Where a zoning district identifies a shipping container as a discretionary use, the following evaluation and standards shall apply: **Bylaws No. 04-24**
 - i. In the opinion and to the satisfaction of Council, assessment for compatibility, suitability, and placement within a site shall be based on: **Bylaws No. 04-24**
 - (A) the context in which the shipping container will be located, and its ability to complement or detract from land uses in the vicinity;
 - (B) the condition of the shipping container and any treatment(s) given to improve its appearance; and
 - (C) the use of any screening or placement within the site to minimize any potential land use conflict, nuisance, or negative impact on the public realm.

 - ii. To secure the objectives of this bylaw, and to minimize any negative impact on adjacent land uses and the public realm, Council may impose development standards or permit conditions related to the following: **Bylaws No. 04-24**
 - (A) the placement within the site relative to other on-site development, or development on adjacent lands; and
 - (B) requirements for landscaping or screening;
